Company Profile

Presented by

Ram Krishna Maurya
(CEO)

Introduction

1. **DATCHIK ELECTRONICS IS A PRIVATELY HELD ELECTRONICS DESIGN COMPANY THAT SPECIALIZES IN SYSTEM SOFTWARE AND IOT BASED DEVICES.**
2. **WE COVER EVERYTHING FROM A GENERAL VAGUE IDEA OF A PROJECT TO THE FINISHED MARKETABLE PRODUCT .**
3. **WE COVER EVERY THING FROM CIRCUIT DESIGNING TO EMBEDDED PROGRAMMING.**
4. **WE HAVE A TEAM OF ENGINEERING EXPERTS WHOSE INNATE ABILITY TO STUDY THE RECENT TRENDS AND MARKET, GIVES US AN ADVANTAGE OVER OUR COMPETITORS.**
5. **WE PROVIDE 24/7 CUSTOMER SUPPORT FOR 100 % CUSTOMER SATISFACTION.**
6. **OUR EXPERTS TAKE ALL THE PRECAUTIONS TO MAKE SURE THE END PRODUCT OF A PROJECT IS 100 % MARKETABLE WITHOUT ANY FAULTS, RETURNS AND/OR REFUNDS.**

Our Goals

Mission & Vision

Our goals

- Through our integrated operating company concept, we improve our overall enterprise and individual business.
- To provide new technological solutions for industry executives to solve critical business issues.

Our mission

- DATCHIK provides more innovative, productive, and affordable, high-tech solutions to a global society so that we can put the most inclusive technology at your service and make your life simpler while also making the world a better place to live.

Our vision

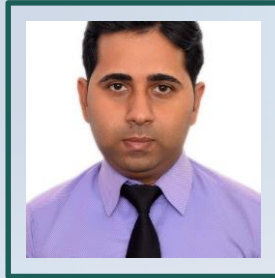

- To build revolutionary technologies and research into new product development to give our customers simple solutions and services that eliminate unnecessary effort and enhance human efficiency and performance.

DATCHIK

Team

Our Product

Industrial IoT Solution

1. IoT based Biometric attendance system

Biomedical Instrument Field

1. Body massager Kit
2. Heat Belt PCB kit

Lighting & smart solution

1. Domestic Light
2. Commercial Light
3. Decorative Light-
Customized 3D print light

DATCHIK

heating belt

DESCRIPTION

This is 18W heating belt PCB designed in a manner, so that it can be helpful for pain, swelling and extreme pain for relief. It is easy to apply, and you can adjust the heat temperature, according to your need.

SPECIFICATION

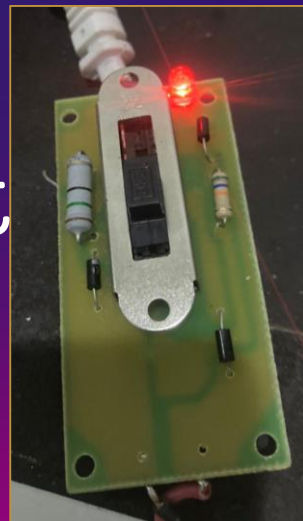

INPUT- 220V

OUTPUT - First Mode: Second Mode: , Third Mode:

DATCHIK

heating belt modules in bulk

Screwing and finish
product packaging

Wire cutting
and tinning

PCB fitting

Component
Mounting

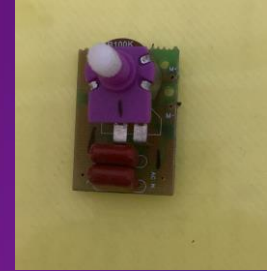

Datchik Massager Kit

SPECIFICATION

INPUT-1 Ampere 230V power supply
OUTPUT-operates at 220V DC Motor Drive
Application-Skin Massager

FEATURE

Rolling Full Body Massager for pain & weight loss
Ergonomically Gripped Handle
Elongated 1.6M Cord
Speed Regulator to suit your Needs
Sturdy Build with powerful Motor

IoT based Biometric attendance system

- ❑ 10000 finger print capacity
- ❑ 10000 RFID card access
- ❑ Cloud based remote access
- ❑ HTP file transfer
- ❑ LAN connectivity
- ❑ Wi-Fi connectivity

Domestic and Commercial Light

DATCHIK LED
LIGHTING

All products Available

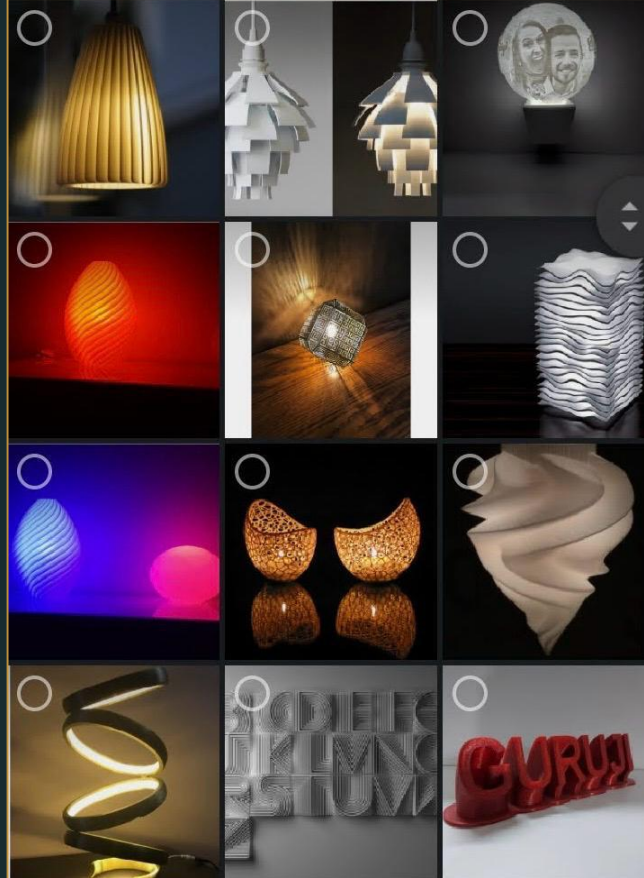

DATCHIK LED
LIGHTING

All products Available

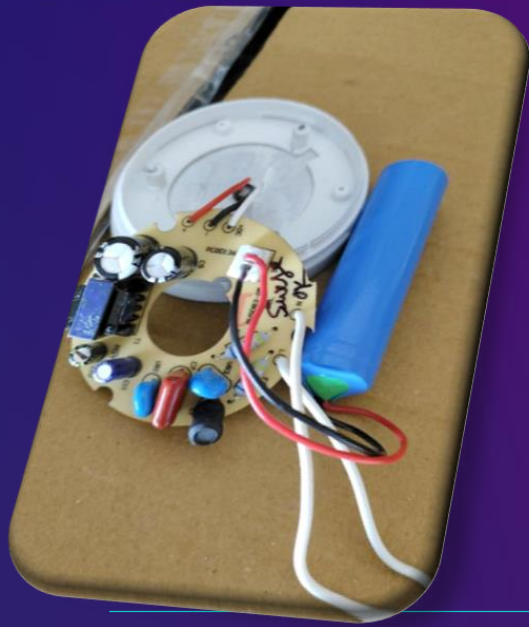

Decorative Light Customized-3D Printing Light

POWER BANKS

LIGHTING SOLUTIONS

Our Services

IoT & embedded Development Services

1. IoT -Embedded Software Development
2. Hardware Development
 - A. Circuit designing
 - B. PCB Lay outing & Designing
3. UX/UI development
4. Cloud and ERP solution

IoT Lab setup & Embedded Skill development Services

1. Smart IoT Lab Setup Services
2. Paid Embedded Internship And R&D based training Service
3. Entrepreneurship Skill Certification Services

EMS and Prototyping Assembling Service

1. Prototyping Assembly
2. SMT/MI Assembly
3. OEM Assembly

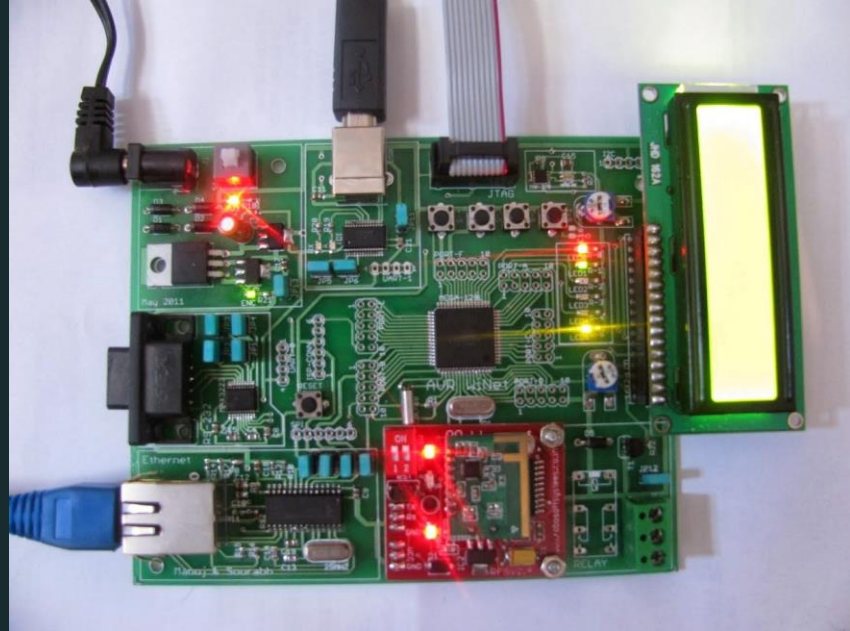

Embedded Software development Service

Bread board programing

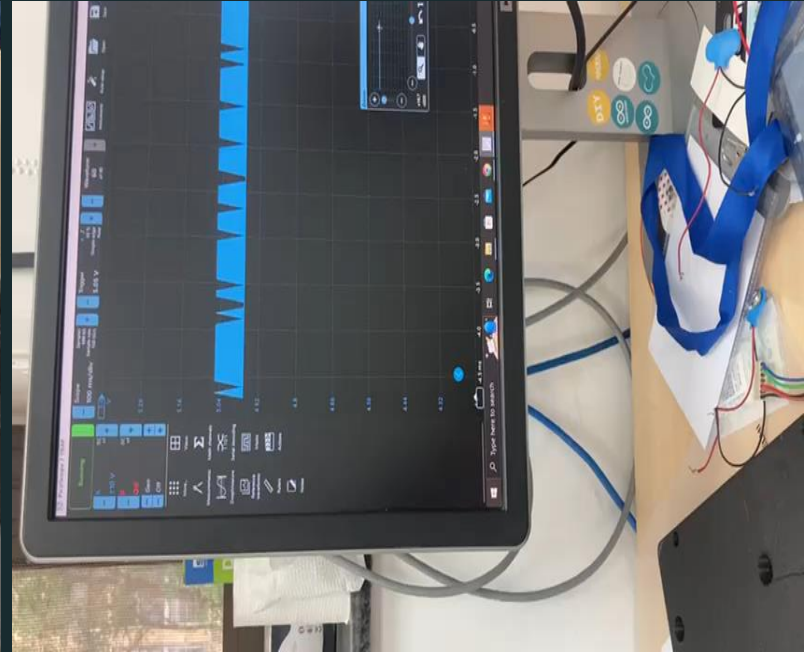

Final programing

Embedded Software development Service

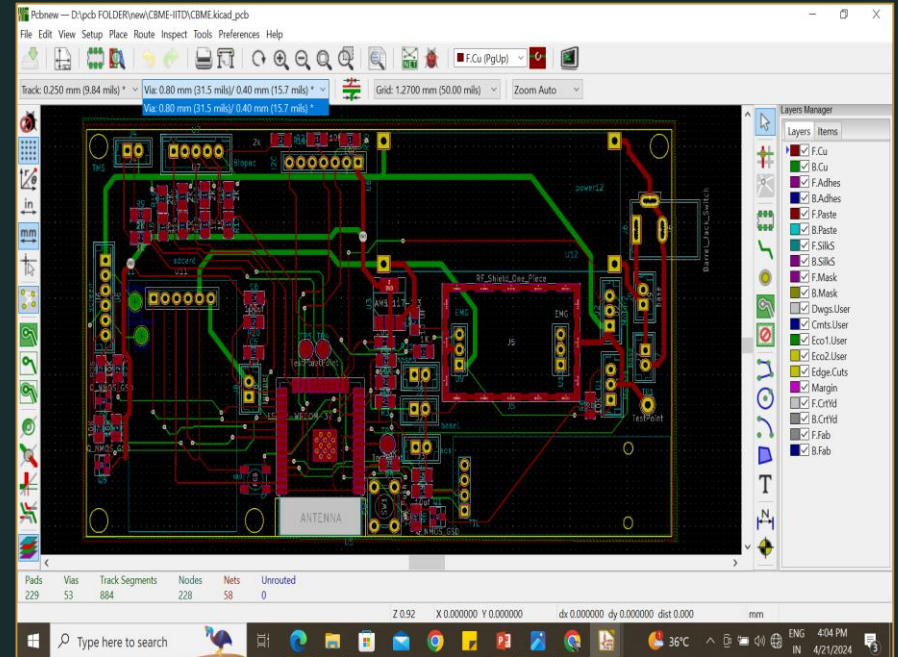

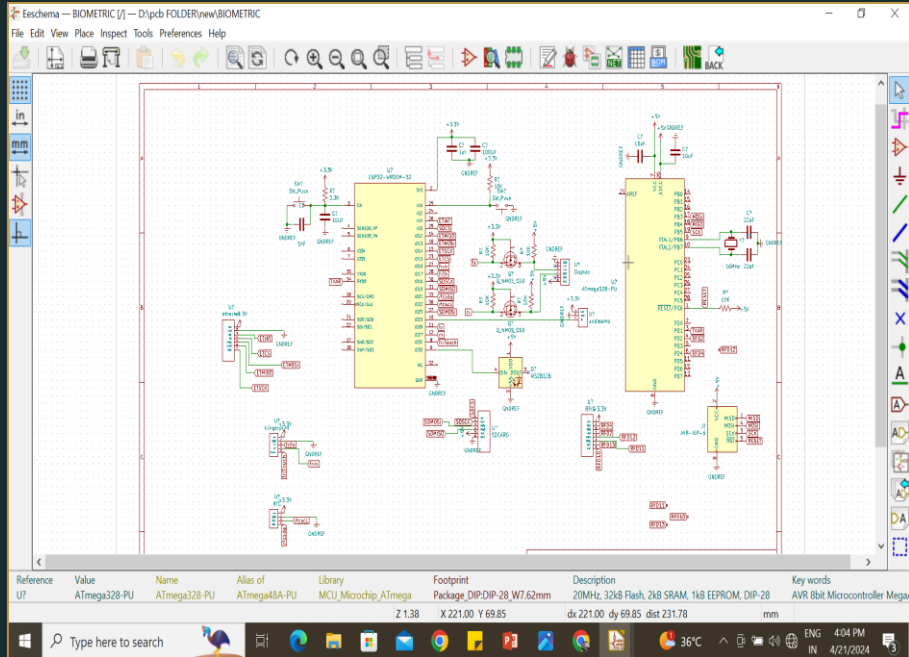

2. Validation and code testing

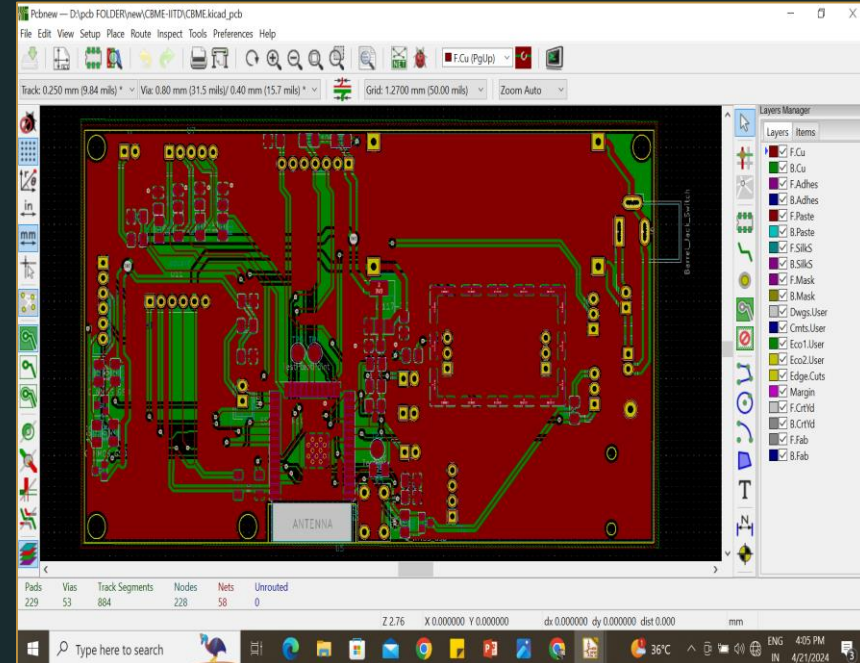

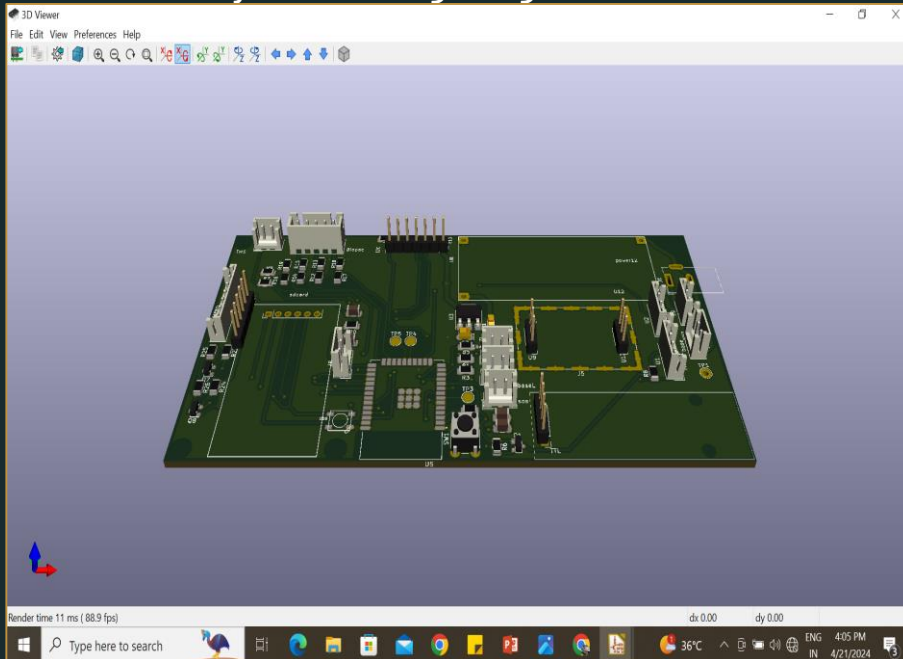

Embedded hardware development Service

1. Schematic Circuit Designing

Embedded hardware development service

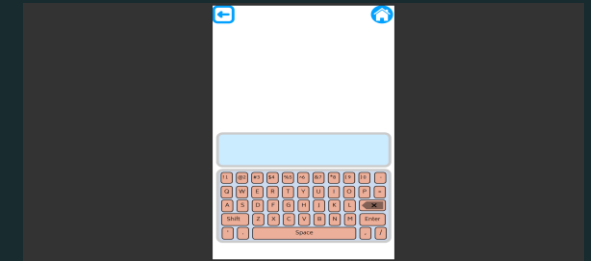

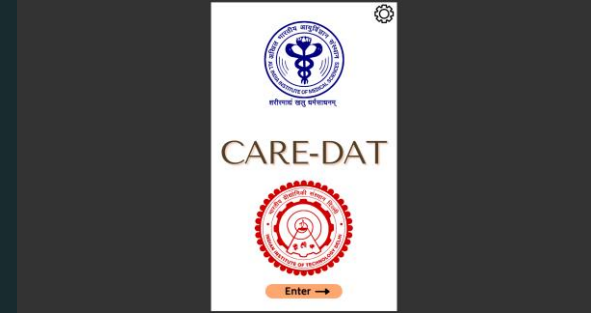

2. PCB Layout Designing

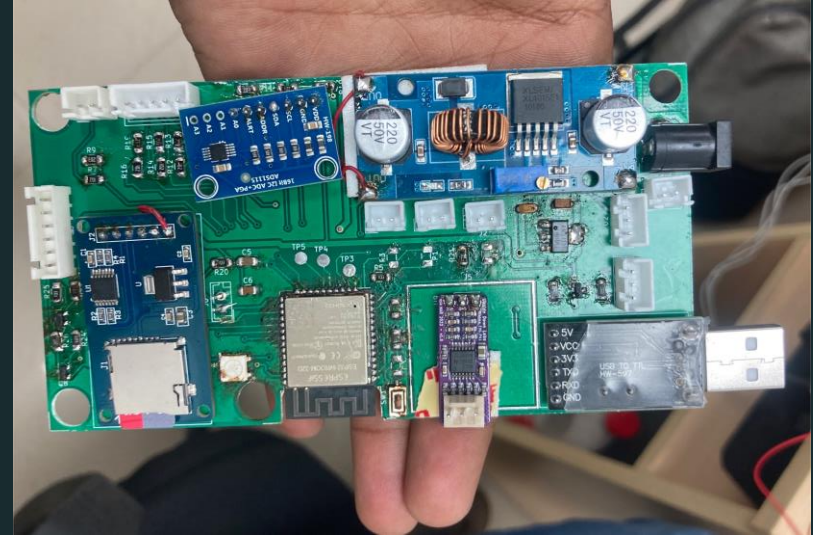

UX /UI Development Service
